

Panasonic and Cetis Complete SIP Interop Certification.

Cetis VoIP phones interop-certified with smart Panasonic business communication servers.

COLORADO SPRINGS, Colo. – October 10, 2017 – Cetis, Inc., a manufacturer of analog and VoIP telephone and USB charging solutions, has announced that Teledex® and TeleMatrix® brand VoIP phones have been interop-certified by Panasonic, a leading global provider of Unified Communications and Collaboration (UCC) services.

Teledex and TeleMatrix corded and cordless VoIP hotel phones by Cetis have been validated to be interoperable with the Panasonic KX-NS700 (pictured), KX-NS700G, and KX-NS1000 communication servers. Cetis telephone models include Teledex M Series, Teledex E Series, Teledex I Series, TeleMatrix 9600 Series, and TeleMatrix 3300 Series.

According to Oliver Boddin, Product Manager, Unified Communications Panasonic System Communications Company of North America, “At Panasonic, we are committed to providing the very best in quality, performance, and interoperability solutions to our business customers of all sizes. We are pleased to announce the interoperability with Teledex, and TeleMatrix VoIP phones by Cetis, ensuring our customers have the best tools to meet their communication needs,” he concludes.

“We look forward to demonstrating the dependability, design and color flexibility of Teledex and TeleMatrix VoIP phone solutions with Panasonic for the KX-NS series communication servers across a broad range of customer requirements,” says Bryce Bowman, Vice President of Sales, Cetis, Inc..
