

Cetis And IHG Renew CALA Region Preferential Supplier Program Partnership.

Colorado Springs, CO – September 14, 2015 – Cetis and IHG have renewed their preferential supplier program partnership in support of IHG hotels located throughout the Caribbean & Latin America (CALA) region.

Managed by Experiencia Emocional, S. de R.L. de C.V, the preferential supplier program provides for an approved product database for IHG hotels, including a catalog designed to help guide product specification and purchasing for hoteliers planning new hotels, and renovating existing IHG CALA properties. Cetis has also been invited to participate in the IHG preferential supplier program annual trade show.

"We're excited to renew our preferential supplier program partnership with IHG CALA hoteliers, and look forward to providing even more guest room telephone design and feature options for the new 2015-2016 contract period," states Maricarmen Tschosik, Sales Manager, Mexico and Central America, Cetis, Inc. "In addition to our new Teledex M Series hotel phones with built-in USB charging ports, Teledex E Series USB phones are also now available with USB ports in analog, VoIP, corded, and cordless configurations," she adds. "For IHG CALA hoteliers who choose to keep their existing room phones, but want to offer guest USB charging, Teledex UCD100 universal USB charging stations may be installed beneath most any room phone," she concludes.
