# 9600 Series Data Sheet

# 9600 SERIES

From bold design, smart features, and legendary performance, TeleMatrix 9600 Series cordless phones make perfect sense for you and your guests. Flat panel design complements the look of flat screen television sets in the room. Choose from 7 standard or custom color handset accents to match any room décor and coordinate style with functionality. Features include patented OneTouch voice mail technology for hands-free auto-dialing and retrieval, and an integrated Ethernet pass-through port for guest connectivity. AutoSync pairing automatically registers remote 9600 Series cordless handsets with the base unit when in the cradle to avoid failures from misplaced handsets. Our optional battery backup feature also helps assure guest connectivity during power outages.
