

Cetis

The Advantage

Make the Advantage Work for You

The Cetis Advantage means one source for all your telephony needs...more product options, better pricing, and unparalleled service and support before, during, and after the sale. Over the course of almost four decades in business we have continually lead the way with innovative design and engineering.

With three globally recognized and trusted brands, Cetis offers a broad range of high quality telephony products, backed by a global sales, service, and distribution network.

For our customers throughout the hospitality industry, large enterprise, the Fortune 500, healthcare, and government, Cetis offers innovative telephony solutions designed and engineered to meet your requirements and exceed your expectations.

We've raised the bar for desktop telephony and in-room connectivity.

The Brand of Choice for our Four-Star and Five-Star hotel partners TeleDex hotel phones set the standard of sophistication and functionality. Smart technology and truly innovative features set the TeleDex brand apart from the competition. Designed and engineered in America, Europe, and China specifically for hospitality applications, TeleDex brand hotel phones are available in 7 distinct phone design families and over 50 model options.

TeleDex M Series

Analogue or VoIP options to fit your requirements

USB charging ports for guest convenience

Patented OneTouch voice mail retrieval technology

Intelligent, intuitive designs,
and competitive pricing.

Designed to meet the needs of today's hospitality industry, TeleMatrix Hotel Phones offer the features, functionality, and aesthetics that the industry has come to demand. TeleMatrix offers a complete range of both analog and VoIP phones engineered to fit the color, decor, and technical requirements for your hotel guest rooms, lobby, and common areas. TeleMatrix hotel phones have a proven record of rugged dependability, complemented by a rich array of features.

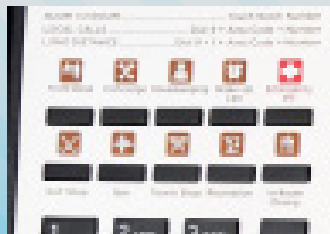

FUNCTIONS BEYOND BEAUTIFUL

Each of the Cetus brands is distinctive for its design and engineering language and also shares the core Cetus brand commitment to reliability, functionality, and competitive pricing.

Keeping pace with the latest technology, and responding to customer feedback and industry demand, our design and engineering teams in the U.S., Europe, and China provide our partners and customers worldwide with the best products and features the industry has to offer.

We've earned a reputation for leadership and innovation at the forefront of the industry.

Value Never Looked So Good

Meeting your requirements while meeting your budget is another pillar of Cetis brands. The quality of our designs and manufacturing means practically zero failures, extended service life, and performance and reliability that never lets you down.

Whether you choose phones from Teledex, TeleMatrix, or Scitec you get the best possible product, service, and support available today in the industry.

You may rest assured that our products are designed and manufactured to be worry-free for you and your guests. Our customers choose us because when time and money counts, you can count on Cetis.

SCITEC
a Cetis brand

The perfect balance of value, performance, and price.

Scitec hotel phones are the preferred or approved brand standard for economy hotels worldwide. Although priced very competitively, phones from each of the five Scitec design families are equipped with a range of features typically reserved for much more expensive phones. Scitec phones offer enormous value for their durability, performance, and features.

SCITEC PHONES

Full-length customizable faceplate area (Aegis-08 Series shown)

Rugged, durable, and time-tested designs that are built to last

Patented OneTouch voice mail retrieval technology (speakerphone models)

Six customizable big-button speed dial keys (H3000)

TELEDEX M SERIES

TELEDEX E SERIES

TELEMATRIX 9600|3300 SERIES

TELEDEX I SERIES

VoIP Hotel Phones from Four Design Families

Four design families of feature-rich VoIP hotel phones from the Teledex and TeleMatrix brands offer certified compatibility, extreme reliability and great value for any hospitality application. A full range of form factors are available from guest phones and trimlines to lobby phones and cordless models.

Cetis SIP telephones are certified to interoperate with the world's leading IP-PBX systems, including: Alcatel-Lucent, Asterisk, Avaya, Broadsoft, Cisco, Cloud5, Mitel, NEC, Panasonic, Samsung, and more.

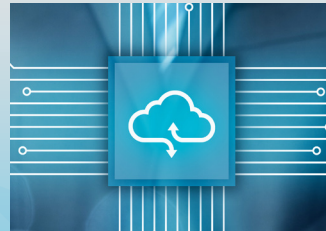

The Cetis brands of hotel phones are recognized worldwide as the best choice in hospitality.

Certified interoperability with all major IP-PBX systems and platforms

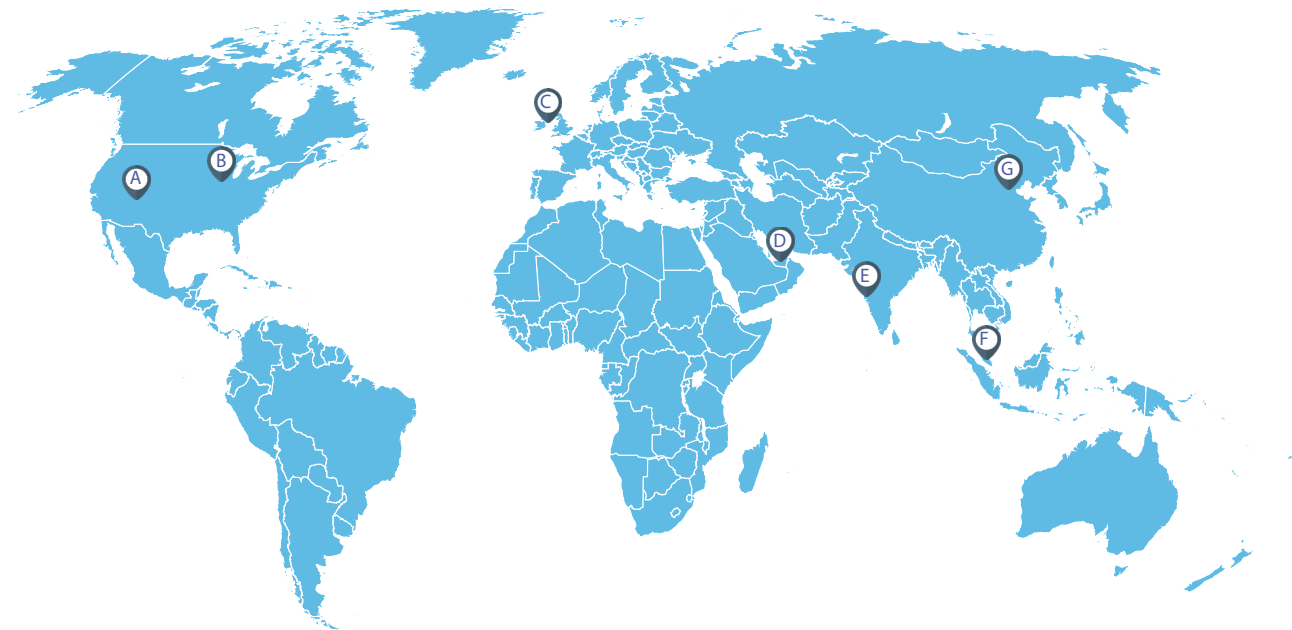

World-class Cetis Tier 3 IP technical support for partners and resellers

CetisRedirect and CloudConfig for simple zero-touch provisioning

Stylish and innovative designs coupled with advanced features
