

IT'S NOT JUST ANOTHER TELEPHONE.

IT'S A TELEDEX.

**ACCEPT NO SUBSTITUTES.**

In 1983, Teledex invented the very first guestroom telephone. Since then, more than 15 million Teledex brand phones have been installed in 125 countries, making Teledex the most recognized, trusted, and preferred hospitality telephone brand in the world. So while others may copy Teledex style, they can't copy Teledex innovation or quality. Or Teledex history.
