

3500IP Coded/ Cordless Hybrid

Our new Cool Gray color is one of the most awarded shades of white in the design world! It is sure to complement any décor, now and well into the future.

The New 3500IP Corded/Cordless Hybrid Series Data Sheet

When you combine Telematrix's legendary performance with the style of our new 3500IP corded series hotel telephones, you get an elegant functionality that will fit into any of your hotel décors. The 3500IP series telephones are a perfect fit! To further match your hotel's décor, choose from any of 4 standard or custom color inserts. Functionality includes our patented OneTouch voice mail technology for hands-free auto-dialing and retrieval, and an integrated Ethernet pass-through port for guest connectivity.

The 3500IP corded base manually syncs with the remote 9700 series cordless handsets to allow the use of 4 additional cordless handsets. Our optional battery backup feature also helps assure guest connectivity during power outages.
