# TELEDEX E SERIES

## SMALL IS THE NEW BIG!

Available in single and two-line, analog, VoIP, corded, and cordless configurations. Micro-footprint Teledex E Series phones have created an entirely new hotel guest room telephone category. Originally designed to meet the limited space requirements aboard cruise ships, E Series phones require less room on the hotel guest room desk and nightstand, and consume less energy in the manufacturing process, so the impact on the environment is smaller as well.

- Single or two-line speakerphones
- Patented OneTouch voicemail retrieval
- Dual Neon/LED message-waiting light
- Electronic 3-way conference (two-line models)
- LED indicator lights for Speaker, Mute, & Hold keys, Line 1 & Line 2 keys (2-line models only)
- Available in Ash or Black

### E SERIES VOIP CORDED

- Up to seven (7) configurable Guest Service Keys
- Dual Port (10/100) for HSIA
- ETrim available

### E SERIES ANALOG CORDED

- 4, 5, 8, 10, or 12 configurable Guest Service Keys
- ETrim available

### E SERIES VOIP CORDLESS

- Available Frequencies: 1.8 GHz and 1.9 GHz
- Supports up to five handsets, including one on the base and three remotes
- 4, 5, or 7 configurable Guest Service Keys
- HAC/VCH (ADA) compliant handset volume boost
- Dual Port (10/100) for HSIA
- RediDock available

### E SERIES ANALOG CORDLESS

- Available Frequencies: 1.8 GHz and 1.9 GHz
- Supports up to four handsets, including one on the base and three remotes
- 4, 5, 8, 10, or 12 configurable Guest Service Keys
- HAC/VCH (ADA) compliant handset volume boost
- RediDock available

VoIP AND ANALOG MODELS AVAILABLE

PROGRAMMABLE GUEST SERVICE KEYS

USB CHARGING PORTS FOR SMART DEVICES

PATENTED ONETOUCH MESSAGE RETRIEVAL

Gen3 VoIP

Ash

Black

Teledex E Series hotel phones are 40% smaller than standard guest room telephones.

## E SERIES SPECIFICATIONS

| | |
|---|---|
| Standard Colors: | Ash and Black |
| Footprint (Desk): | 4.5" (11.43cm) (w) x 8" (20.32cm) (l) x 3.63" (9.22cm) (d) (max height with desk stand) |
| Footprint (Wall): | 4.5" (11.43cm) (w) x 8" (20.32cm) (l) x 1.5" (3.81cm) (d) (depth from wall mount) |
| Weight: | VoIP: 2.0 lbs. (900g)  / Analog : 1.4 lbs. (0.64kg) |
| Weight (ETrim/RediDock): | VoIP: 12oz. (340g) / Analog: 10oz. (290g) |
| Frequency (Cordless): | 1.8 GHz and 1.9 GHz |
| Power(VoIP): | Power over Ethernet (POE) 802.3af Compliant |
| Power (Analog): | Wall Adapter (USB & Cordless) / Line (Corded) |
| Power (Handset Kit): | Remote charging station includes Handset w/ Battery & AC Adapter |
| Operating Voltage (Analog): | 24-56 VDC Non-Polarity |
| Standby Time (Cordless): | 10 days |
| Talk Time (Cordless): | 6 hours |
| Range (Cordless): | 100ft (30m) |
| Humidity: | 65% ± 20% |
| Temperature: | 77°F ± 50° (25°C ± 10°C) |
| FCC Specifications (VoIP): | FCC Part 15 Support B: 2009 |
| FCC Specifications (Analog): | Meets or exceeds Part 68, FCC Part 15 & UL 1459 Ref. |
| Safety Standard: | UL - 60950–1 2nd edition  ADA/HAC |
| RFCs (VoIP): | 3261 (SIP), 3842 (SIP Subscribe), 2833 (SIP Info) |
| Flash Timing (Analog): | 600ms |
| Handset Coil-Cord: | 10 ft (3.048m) |
| Line Cord: | RJ11 (Single Line) RJ14 (Two-Line) line cord - 12 ft (3.66m) |
| Line Cord (Cordless & IP): | RJ45 Line Cord - 12ft (3.66m) |
| Packaging: | 10 per carton |
| Packaging (RediDock): | 10 per carton |
| Packaging (Etrim): | 20 per carton |

## PACKAGE CONTENTS

- Handset
- Base Unit
- AC Adapter (Cordless & USB)
- 10' foot Handset Coil Cord
- 12' Line Cord
- Faceplate & Overlay

# TELEDEX M SERIES

TELEDEX
a Cetis brand

Matching MTRM Trimline available.

## MORE THAN JUST A TELEPHONE.

M Series analog and VoIP corded and cordless phones gives guests the ability to charge smart devices via USB charging. An optional high performance stereo sound system replaces stand-alone audio playback devices in the room to save space, and empower enhanced speakerphone calls and conferencing. Available with 5 or 10 programmable guest service keys, patented OneTouch voicemail retrieval and customizeable faceplate.

## USB CHARGING

Two high-current USB charging ports support devices up to 2.1 Amp, including most tablets and smartphones.

## ONETOUCH VOICEMAIL RETRIEVAL

Automatically engages the phone's speaker and auto-dials voicemail which enables guests to check messages hands-free.

## M SERIES CORDED

- Single or two-line speakerphone
- 5 or 10 programmable guest service keys
- Patented OneTouch voicemail retrieval
- 2 Side USB power ports for device charging (2.1 Amp)
- HAC/VCH (ADA) compliant handset volume boost
- Dual neon/LED message-waiting light
- Electronic three-way conferencing (two-line models)
- Available in black (with custom faceplate options)
- Custom faceplate options available (MOQ required)

## M SERIES TRIMLINE CORDED

- Single or two-line phones
- HAC/VCH (ADA) compliant handset volume boost
- Dual neon/LED message-waiting light

## M SERIES CORDLESS

- Available Frequencies: 1.8 GHz and 1.9 GHz
- Supports up to four handsets, including one on the base and three remotes
- 5, or 10 configurable Guest Service Keys
- HAC/VCH (ADA) compliant handset volume boost
- EasyAccess™ data port
- RediDock available

**PROGRAMMABLE GUEST SERVICE KEYS**

**USB CHARGING PORTS FOR SMART DEVICES**

**PATENTED ONETOUCH MESSAGE RETRIEVAL**

**OPTIONAL ALARM CLOCK**

Black

Gen3 VoIP

| Weight: | 3.3 lbs. (1527g) |
| Power Supply: | Remote charging station includes Handset w/ Battery & AC Adapter |
| Operating Voltage (Analog): | 24 to 56 VDC Non-Polarity |
| Humidity: | 65% ± 20% |
| Temperature: | 77°F ± 50° (25°C ± 10°C) |
| FCC Specifications (VoIP): | FCC Part 15 Support B: 2009 |
| FCC Specifications (Analog): | Meets or exceeds Part 68, FCC Part 15 & UL 1459 Ref. |
| Safety Standard: | UL - 60950–1 2nd edition  ADA/HAC |
| Ringer Equivalence: | Z (Use only behind PBX) |
| Flash Timing (Analog): | 600ms |
| Handset Coil-Cord: | 10 ft (3.048m) |
| Line Cord: | RJ11 (Single Line) RJ14 (Two-Line) line cord - 12 ft (3.66m) |
| Line Cord (VoIP): | RJ45 Line Cord - 12ft (3.66m) |
| Packaging: | 10 per carton |
| Packaging (RediDock): | 10 per carton |
| Packing (MTrim): | 20 per carton |

## PACKAGE CONTENTS

- Handset
- Base Unit
- AC Adapter
- 10' foot Handset Coil Cord
- 12' 4-wire RJ-14 Line Cord
- Faceplate & Overlay

Matching Cordless
RediDock available.

Teledex M Series
Analog models
feature a 5-year
limited warranty.

Teledex M Series
Bluetooth models
feature a 2-year
limited warranty.

Teledex M Series
VoIP models
feature a 1-year
limited warranty.

## M SERIES FACEPLATE UPGRADE

**Charcoal and Custom Color Faceplate Options:** MOQ 500 units, 15% spares, 50% down payment with order and $9.99 up charge per phone. Lead time to be determined at time of order. (Typical lead time is 12 weeks.)

Features and specifications are subject to change without notice.
The values for mass and dimension are approximate.

# TELEDEX I SERIES ANALOG

## SMALL FOOTPRINT. ELEGANT LINES.

Designed to embrace the sleek style of the modern hotel guest room, I Series hotel phones provide a familiar user interface for your guests in your choice of single and two-line, analog corded and cordless configurations. Choose 0, 3, 5, or 10 programmable guest service keys, an optional speakerphone, and our patented OneTouch voicemail retrieval technology.

I Series cordless telephones reduce or eliminate the need for multiple telephone jacks in the guestroom, supporting up to 3 additional AC-powered RediDock charging stations, and providing guests with a cordless home-like environment.

## I SERIES ANALOG CORDED

- One and two-line telephones
- Optional speakerphone
- RediDock and trimline available
- Patented OneTouch voicemail retrieval
- 0, 3, 5, or 10 programmable guest service keys
- Optional battery backup (cordless version)
- Full-length customizable faceplate
- Desk or wall-mountable
- Electronic 3-way conference(Two-line phones); Hold, Mute & Redial keys
- ADA-compliant volume control with enhanced Sonica™ hearing aid compatibility
- Flash, Hold, Mute, Conference, Redial keys; Bright message waiting indicator
- Visual message waiting indicator

## I SERIES ANALOG CORDLESS

- Single or Two line speakerphones
- OneTouch voicemail access
- Electronic 3-way conference (Two-line phones)
- PrimeLine/RingLine™ automatic line selection
- 5 or 10 Configurable Guest Service Keys
- Supports up to five handsets, including one on the base and four remotes (RediDock kits); AutoSync – Handset automatically syncs with base unit when in cradle

## I SERIES ANALOG TRIMLINE

- Single or Two line configuration
- Optional message waiting indicator; Flash, Redial, Mute keys
- ADA-compliant volume control with enhanced Sonica™ hearing aid compatibility
- Analog data port
- Dual neon/LED message-waiting light
- Available in ash and black

**PROGRAMMABLE GUEST SERVICE KEYS**

**PATENTED ONETOUCH MESSAGE RETRIEVAL**

# TELEDEX DIAMOND SERIES

**PROGRAMMABLE GUEST SERVICE KEYS**

**PATENTED ONETOUCH MESSAGE RETRIEVAL**

## THE WORLD'S MOST POPULAR HOTEL PHONE.

This is the phone that started it all. In fact, more hotels use Teledex Diamond Series hotel phones than any other guestroom telephones.

With over 5 million in service worldwide, this corded analog phone is available in single or two-line models, with up to 10 programmable guest service keys, patented OneTouch voicemail retrieval technology, and an optional speakerphone.

Diamond Series hotel telephones, like all Teledex products, are thoughtfully designed to last for years in the demanding hospitality environment. Expect to see this model in hotel rooms for years to come.

## DIAMOND SERIES HIGHLIGHTS

- One and two-line analog telephones
- Optional speakerphone
- Patented OneTouch voicemail retrieval
- Message-waiting light
- 0, 3, 5 or 10 guest service keys
- Full-length customizable faceplate
- Desk or wall mountable
- Available in Ash and Black
- Integrated Speakerphone – Hands-free conversations
- ADA Handset Volume Boost – Three (3) distinct levels, compliant with HAC/VC and FCC requirements
- Mute Key – Deactivates microphone during speakerphone and handset calls
- Speaker On/Off Key – With red LED for easy speakerphone activation
- Electronic 3-way Call Conference Function with LED indicator for convenient multi-line conversations (Two-line only)
- Hold Key – Places the active line on hold so the second line can be used or a conference call initiated (Two-line only)
- Hold Release Detection Circuit – Releases calls on hold when line is accessed by any telephone
- Redial Key – Automatically redials the last number dialed, with timed deletion of the last number after 30 minutes for enhanced hospitality security (most models)
- Flash Key (most models)
- Textured Finish – Provides durable resistance against scratches and smudges
- Hidden Programming Key – Eliminates arbitrary reprogramming of autodial keys
- Data Port – Easy access for laptop modem or fax machine use

# TELEDEX D SERIES

**TELEDEX**
a Cetis brand

**PROGRAMMABLE GUEST SERVICE KEYS**

**PATENTED ONETOUCH MESSAGE RETRIEVAL**

**USB CHARGING PORTS FOR SMART DEVICES**
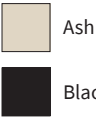

## THE NEW DIAMOND.

We began the development of Teledex D Series with a fresh new contemporary design, robust ergonomic open handset, and guest smart device USB charging ports, but maintained the same Diamond faceplate area so Diamond Series owners may easily upgrade with *existing faceplates*.

D Series sets the new standard in analog corded hotel phone telephony in single or two-line models with optional built-in USB charging ports, up to 10 programmable guest service keys, patented OneTouch voicemail retrieval technology, and optional speakerphone.

D Series, like all Teledex products, is thoughtfully designed to meet emerging guest preferences, and to last for many years in demanding hospitality environments.

## D SERIES HIGHLIGHTS

- One and two-line analog telephones
- Optional speakerphone
- Optional USB Charging Ports (2)
- Patented OneTouch voicemail retrieval
- Message-waiting light
- 0, 3, 5 or 10 guest service keys
- Full-length customizable faceplate
- Desk or wall mountable
- ADA Handset Volume Boost – Three (3) distinct levels, compliant with HAC/VC and FCC requirements
- Mute Key – Deactivates microphone during speakerphone and handset calls
- Speaker On/Off Key – With red LED for easy speakerphone activation
- Electronic 3-way Call Conference Function with LED indicator for convenient multi-line conversations (Two-line only)

# TELEDEX OPAL SERIES

## PROGRAMMABLE GUEST SERVICE KEYS

## DESIGNED WITH THE WORLD IN MIND.

Teledex Opal Series hotel phones have a modern, recognizable international design that compliments modern guest room decor. Available in single and two-line, analog, corded and cordless configurations, with an optional speakerphone, Opal Series are equipped with a red multi-function message-waiting light, and 0, 3, 5, or 10 programmable guest service keys.

Teledex Opal DCT Series cordless sets support up to 5 additional AC-powered RediDock handset charging stations giving your guests the ability to charge their handset from multiple places within the room, all without needing additional guest room telephone jacks. Opal Series DCT cordless phone models are also available with optional battery backup during power outages.

## OPAL DCT 1900/2900/1800/2800 SERIES HIGHLIGHTS

- 1.8GHz and 1.9GHz DECT for best range, clarity, & security

# TELEDEX NUGGET SERIES

## DESIGNED FOR TIGHT SPACES & TIGHTER BUDGETS

No frills. No extras. Just a quality hotel phone that fits any budget and will leave extra room on your nightstand. Teledex Nugget Series hotel phones combine classic design, easy-to-use functionality, and rugged durability into a small footprint that makes a large impact.

Equipped with either 0 or 3 programmable guest service keys, a raised red LED message-waiting light, and a dial pad that is tucked away leaving extra room for a customizable faceplate. Nugget Series offers single-line functionality at an affordable price.

**PROGRAMMABLE GUEST SERVICE KEYS**

Ash

Black

## NUGGET SERIES HIGHLIGHTS

• Single Line Telephones
• ADA Handset Volume Boost – HAC/VC and FCC compliant
• Data Port – Easy access for laptop modem or fax machine use
• Raised Red Message Waiting Lens – Easily seen from any area in the guestroom
• Paper Faceplate – Allows user-friendly customization
• MultiX™ Message Waiting Circuitry – with an extra-bright message-waiting lamp (Nugget 3)
• Redial Key – Redials the last number dialed (Nugget 3)
• Flash Function – Access to PBX functions
• Hidden Programming Key – Eliminates arbitrary reprogramming of autodial keys (Nugget 3)
• Textured Finish – Durable resistance against scratches and smudges
• Stylish Euro Handset – Complements room decor
• Desk or Wall Mountable – Provides placement flexibility

# TELEMATRIX 9700 SERIES

## AMAZINGLY EXQUISITE!
## FUNCTIONS BEYOND BEAUTIFUL!

When you combine Telematrix's legendary performance with the style of our new 3500|9700 series hotel telephones, you get an elegant functionality that will fit into any of your hotel décors. The 3500|9700 series telephones are a perfect fit! To further match your hotel's décor, choose from any of 5 standard or custom color inserts. Functionality includes our patented OneTouch voice mail technology for hands-free auto-dialing and retrieval, and an integrated Ethernet pass-through port for guest connectivity, (IP models only).

The 9700 series also boasts AutoSync pairing, which automatically registers the remote 9700 Series cordless handsets with the base unit when in the cradle to avoid failures from misplaced handsets. Our optional battery backup feature also helps assure guest connectivity during power outages.

## ANALOG & VOIP CORDED HIGHLIGHTS

- Available in 1 or 2-line configurations
- USB charging port optional
- Speakerphone or non-speakerphone
- 0, 3, 5 or 10 programmable Guest Service Keys
- Patented OneTouch voice mail retrieval technology
- Dual Neon / LED message-waiting light / SIP Standard voicemail messaging (VoIP phones)
- LED indicator lights for Speaker, Mute, & Hold keys, Line 1, Line 2 keys (2-line models only)
- 3-way conference calling (2-line models only)
- Industrial grade construction with matte finish
- Non-slip base
- Available in Cool Gray or Black

## ANALOG & VOIP CORDLESS HIGHLIGHTS

- Available in 1 or 2-line configurations with speakerphone
- USB charging port optional
- Supports up to 4 handsets (base model and three remotes)
- 5 or 10 programmable guest service keys
- Patented OneTouch voice mail retrieval technology
- Dual Neon/LED message-waiting light
- LED indicator lights for Speaker, Mute, & Hold keys, Line 1 & Line 2 keys (2-line models only)
- HAC/VCH (ADA) compliant handset volume boost
- Choose 1.8 GHz or 1.9 GHz frequency
- 3-way conference calling (2-line models only)
- Dual Port (10/100) for HSIA (VoIP)
- Industrial grade construction with matte finish
- Non-slip base
- Available in Cool Gray or Black

# TELEMATRIX 9600|9400 SERIES

## SMART FEATURES AND LEGENDARY PERFORMANCE.

From bold design, smart features, and legendary performance, TeleMatrix 9600 and 9400 Series cordless phones make perfect sense for you and your guests. Flat panel design complements the look of flat screen television sets in the room. Choose from 7 standard or custom color handset cradle accents to match any room decor and coordinate style with functionality. Features include patented OneTouch voicemail technology for hands-free auto-dialing and retrieval, and an integrated ethernet pass-through port for guest connectivity. AutoSync pairing automatically registers remote 9600 Series cordless handsets with the base unit when in the cradle to avoid failures from misplaced handsets. Our optional battery backup feature also helps assure guest connectivity during power outages.

## 9600|9400 SERIES ANALOG HIGHLIGHTS

- Available in 1 or 2-line cordless configurations
- Speakerphone
- Additional remote handsets available in 1 or 2-line
- OneTouch voicemail retrieval technology

# TELEMATRIX 3300 SERIES

## SMART FEATURES AND LEGENDARY PERFORMANCE.

From bold design, smart features, and legendary performance, TeleMatrix 3300 Series corded phones make perfect sense for you and your guests. Flat panel design complements the look of flat screen television sets in the room. Choose from 7 standard or custom color handset cradle accents to match any room decor and coordinate style with functionality. Features include patented OneTouch voicemail technology for hands-free auto-dialing and retrieval, and an integrated Ethernet pass-through port for guest connectivity. VoIP and analog CID configurations have an LCD screen. Matching Trimlines available.

## 3300 SERIES ANALOG HIGHLIGHTS

- Available in 1 or 2-line corded configurations
- Speakerphone or non-speakerphone
- OneTouch voicemail retrieval technology (message-waiting light only on 3300LBY & 3300MWB)
- 0, 3, 5, or 10 programmable guest service keys
- Compatible with all major PABX systems
- 3-way conference calling (2-line models only)
- Convenient data port
- Full-length customizable faceplates
- Industrial grade construction with matte finish
- Non-slip base
- Optional wall-mount bracket available separately.

## 3300 SERIES VOIP HIGHLIGHTS

- Available in 1 or 2-line corded configurations
- Speakerphone or non-speakerphone
- LCD screen to display caller ID
- OneTouch voicemail retrieval technology
- 0, 5, or 10 programmable guest service keys
- Compatible with all major PABX systems
- 3-way conference calling (2-line models only)
- Dual-Port 10/100Mbps ethernet port for HSIA
- Full-length customizable faceplates
- Industrial grade construction with matte finish
- Non-slip base
- Optional wall-mount bracket available separately.

# SCITEC H3000 SERIES

## THE BIG BUTTON ADVANTAGE.

The H3000 big-GSK telephone helps guests quickly and intuitively dial for food or transportation services directly from the hotel guest room, lobby, or concierge station when you pre-program guest service keys to direct-dial on-property or local service vendors. Generate incremental revenue by leasing guest service key connections to food and service vendors. Available in single line analog models in Black or White, Scitec H3000 phones help facilitate service connections, drive revenue, and provide years of dependable time-saving service for your staff.

## HIGHLIGHTS

- Single-Line Analog Speakerphone
