Montcalm Royal London House chooses TeleMatrix brand 9600 Series hotel phones.

Colorado Springs, CO – October 7, 2016 –Cetis, Inc., manufacturer of Teledex®, TeleMatrix®, and Scitec® brand analog and VoIP telephones, has announced the installation of 580 telephones by channel partner Crowthorne, at the newly-opened Montcalm Royal London House – City of London. Models include 290 TeleMatrix 9600MWD single-line, black, 10-button analog cordless hotel phones, and 290 matching 9600HDKT remote handset kits.

According to Lorraine Bright, Director of Operations, Crowthorne Associates, “We continue to recommend TeleMatrix 9600 Series phones, because they have a proven record of rugged dependability, complemented by a rich feature set, including AutoSync handset pairing, multiple handset kit options, OneTouch® message retrieval, and optional battery backup,” she concludes. TeleMatrix 9600 Series telephones are available in single and two-line analog or VoIP cordless configurations.

Situated just moments from Liverpool Street station and close to Shoreditch, the 253-bedroom hotel marks a remarkable transformation of an imposing mid-century office building into a stylish five star property with uniquely striking views of London’s City skyline.

At the Montcalm Royal London House - City of London, the group’s trademark timeless elegance has breathed new life into the building’s fine mid-century features, with statement copper pipe lighting and exposed brick walls mixed with original reclaimed parquet flooring and silk-lined corridors, feature staircases and turquoise leather stools. The hotel’s lead contractor and designer SGP Contracts along with renowned interior designer Russell Sage, Tonik Associates and 5Plus architects worked together to make its design and concept so unique.

Similarly, its beautifully designed bedrooms and lounge areas blend effortless comfort with bespoke feature designs and boast a high IT-spec in each room. The contemporary accommodation totals 253 bedrooms, including 50 Deluxe Rooms, 168 Club Rooms, 27 Suites, from junior suites to family suites and quad rooms, and 8 Studio Suites with kitchenettes – ideal for longer stays. There will also be five Business Suites available with generous workspace and a laptop on request. Two stunning Palm Suites with private balconies overlook the Shard and other iconic City landmarks.

Advanced guest technology doesn't stop at complimentary high speed WiFi. The hotel will be the first in the UK to offer 10GB bandwidth capacity on demand, ensuring its agility to cope with peaks in network usage for meetings and events. All bedrooms also benefit from iPod docking stations, Smart 55" TVs and a complimentary handy smartphone service, giving guests unlimited 3G internet data and free local and international calls to selected countries.
