

Sheraton Tel Aviv sets sail with Teledex I Series VoIP hotel phones.
Teledex I Series phones leverage VoIP technology in a small footprint.

Colorado Springs, CO – November 4, 2016 –Cetis, Inc., manufacturer of Teledex®, TeleMatrix®, and Scitec® brand analog and VoIP telephones, has announced the installation of 680 Teledex I Series ND2105S-N single-line 5 button VoIP guest room phones, 20 ND2105S-STW-N VoIP sets, and 10 ND2100-N VoIP telephones at the beautiful Sheraton Tel Aviv. Located at 115 Hayarkon Street, Tel Aviv, 63573, Israel, Sheraton Tel Aviv sits on a prime Mediterranean beachfront location, right in the heart of the city's social hotspot.

Built specifically for the hospitality guest room, Teledex I Series design embraces the sleek style of the modern hotel guest room, and provides a comfortable, open, ergonomic handset, and familiar user interface for guests in analog and VoIP, corded and cordless configurations.

According to Cetis channel partner, Eric Klein, Senior Consultant, Greenfield Tech., "Teledex I Series is the original small footprint phone, designed to save space on the nightstand or desk. Deploying a

space-saving VoIP phone provides saves space on the nightstand or desk for the hotelier, and drives telecom savings via VoIP technology," he concludes.
